## SEO Issues Overview

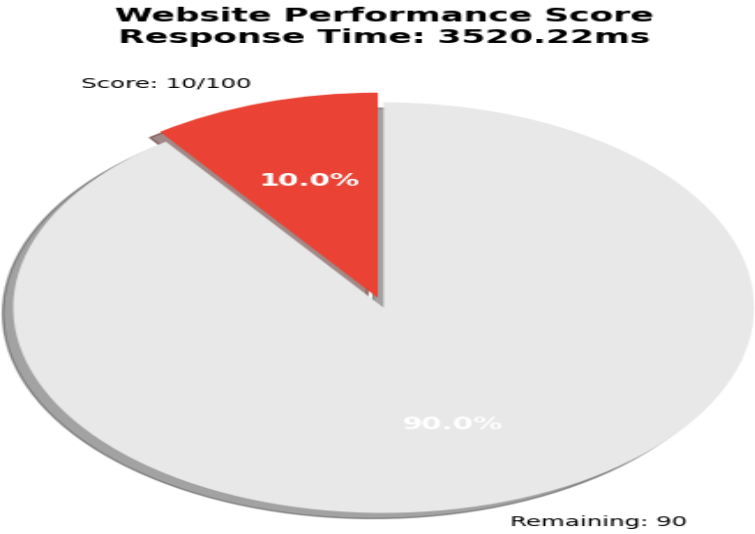

PERFORMANCE ANALYSIS

Metric	Value
Performance Score	10/100
Response Time	3520.22ms
Status Code	200

Performance Score

## RECOMMENDATIONS

- ✓ Ensure meta description is present on all pages
- ✓ Use only one H1 tag per page for better SEO
- ✓ Add ALT text to all images for accessibility and SEO
- ✓ Optimize images to reduce file size and improve loading speed
- ✓ Ensure response time is under 3000ms for optimal user experience
- ✓ Maintain consistent performance across different devices
- ✓ Use a Content Delivery Network (CDN) for faster content delivery
- ✓ Minimize CSS and JavaScript files
